## One Year Advanced Diploma in **CYBER LAWS**

### About the Programme

In the ambit of technology and Law, Law has always been at the curve of the highway chasing the developments of technology and ends often issuing violation tickets. Law needs to provide a road map to technology with appropriate signals and speed breakers for its safe driving.

The need of the times is that of a strong legal research orientation in the arena of cyber space which needs to travel along with technological developments if not in advance. Such an effort can make Law as a management tool of rights and obligations in the interface of Technology and Governance.

The need or avoidance of legislation on cyber processes has been the crucial battleground among legislators, civil society and technical professionals.

The course is designed to give a better exposure regarding existing legislations, comparative cyber jurisprudence, emerging challenges such as big data, artificial intelligence, block chain technology, balance of freedom of expression and accountability by regulation which will serve as a strong foundation to deal the cyber operations in professional as well as personal front.

### Eligibility

- Bachelor's Degree or an equivalent Degree in any discipline from any recognized University; or
- Candidates who complete three years of their 5-Year Integrated LL.B. Degree Programme in Law; or
- Candidates appearing for the final year examination of Graduation / Engineering are also eligible to apply.
